ESTIMATE

of the amount of money required to defray the expenses of the town for the year ensuing and the State and County taxes :

Repairs of highways	\$4,000 00
New highways	500 00
Bridges	400 00
Snowpaths	800 00
Police	700 00
Town poor	600 00
Fire department	1,200 00

Schools, including balance of debt and interest	18,000 00
	<hr/>
	\$52,000 00
Deduct tax collected by the state	17,000 00
	<hr/>
To be raised by assessment	\$35,000 00
Of this amount the Selectmen are required to assess :	
State and County tax	\$12,000 00
School tax and money voted at school meeting	18,000 00
Balance to be raised by vote of the town	5,000 00
	<hr/>
	\$35,000 00

Estimating the assessed valuation the same as last year with the appropriations according to the foregoing figures the tax rate for the year ensuing will be \$18 per thousand.

Since the books for the past year were closed, the Selectmen have been called on to pay the sum of \$600 for school books and supplies in excess of the appropriation of last year, of \$500 making the total paid for the year \$1,100. The additional expense for this purpose is not included in the above estimate of money required for school purposes.

At a special town meeting held July 6, 1891, the Selectmen were authorized to borrow on the credit of the town the sum of \$5,000 to extend the water works through Bow and other streets. This sum has not been called for by the Water Commissioners, and the loan has not been made.

Tax collected	\$190 00

The Selectmen did not agree in the matter of the collection of the dog tax and many people were uncertain what they were to do. I have given my word that any who paid would receive their money if any tax was not collected where the parties owned the dog unless all of their taxes were abated. The Selectmen have asked for instructions from the voters.

Respectfully submitted,

R. E. BEAN.

Chief Engineer's Report.

In compliance with the law I submit the following report :

The fire apparatus consists of an Amoskeag fire engine, the Daniel Webster, No. 1 ; 30 feet of suction hose, and the necessary discharge pipes, nozzels, lanterns and tools ; the Kenrick hose carriage with 650 feet of 2½ inch leather hose and 1050 feet rubber lined hose.

A hook and ladder truck, with a good supply of ladders, and the necessary supply of apparatus to go with the same, in good condition.

All located in the engine house on Central street, near the Lower Paper Mill, in Franklin Falls village.

One hand hose carriage, with 400 feet of 2½ inch rubber lined hose, located at No. 1, paper mill, and 200 feet 2 inch linen hose, located at Taylor's foundry, in connection with force pump.

Summary of Fire Department: Engineers, 5; steamer members, 15; hand engine members, 25; Total 45.

The firewards, in fact all the fire department, wish to express their entire satisfaction with the water supply afforded by the town system of water works. We have hydrants at all needed points, from which our hose cover the whole compact part of the town. We have thoroughly tested the capacity and force of the hydrant service, and heartily congratulate the town on being so well supplied. The reservoir is of sufficient capacity and elevation, the pipes of sufficient size, and hydrants so located as to render any extended conflagration if not impossible, certainly very improbable. We think no town or city in the state has a better water supply for fire purposes than Franklin.

The fire department contemplate making a few changes in the spring, and if the town will give us a hook and ladder company, our protection from fire will be as complete as it can well be.

Report of Agent on condition of bridges.

The bridge leading to the "slide road" at Giles' mill has been repaired by putting in new stringers, plank and railing. The bridge on the road to Hill above Giles' mill has had one new abutment, new stringers and half new plank. The Main street bridge has been one-half newly built, stringers, plank and rail. The Carr bridge on the road to Webster lake has had one new abutment, new stringers and rail. Republican bridge has been planked and concreted. Iron bridge also has been planked and concreted.

By direction of the committee appointed at the last annual meeting to repair or rebuild Sanborn bridge, I have thoroughly repaired this bridge and in my judgement will last three years at least. Seven new stringers have been put in and all newly planked.

For repairs on bridges the coming year there appears to be little to be done. One bridge at lower Franklin will need thorough repairs. The bridge on the J. B. Aiken road should be widened and newly planked which with the few general repairs will make our bridges in good condition for some time to come.

There are unpaid bills for the repairs of highways amounting to about \$400. of this amount \$324 92 is for concrete pavement and crossings, which has been withheld because of the unsatisfactory condition of the concrete covering in Republican Bridge.

Several bills for breaking roads and sanding sidewalks are also outstanding.

Respectfully submitted,

JAMES C. NOWELL, Agent.
